

Get to Know—The Missouri SILC Website

The Missouri Statewide Independent Living Council (MOSILC) promotes independent living for persons with disabilities and assists the 22 Centers for Independent Living in Missouri in developing their capacity and expanding their services. Toward meeting their goals, MOSILC provides a resource website that is beneficial to consumers, center staff, and community members.

What will I find on the MOSILC website (www.mosilc.org)?

- ❖ Accessible Housing Resources and Information for the entire state
- ❖ Information about Emergency Management and how you can plan for emergencies at all levels of life
- ❖ The State Plan for Independent Living which outlines the goals and objectives that MOSILC will carry out over a three-year period
- ❖ A list of all Centers for Independent Living in Missouri as well as contact information and web resources for those centers
- ❖ Disability-related links and resources
- ❖ The Center for Independent Living (CIL) Resource Manual that is extremely beneficial with information from board relationships to the history of the Independent Living Movement
- ❖ The CIL Compliance Manual that includes all the state statutes related to CIL development and operations
- ❖ Information on the MOSILC designated state units: Rehabilitation Services for the Blind and the Division of Vocational Rehabilitation
- ❖ MOSILC Publications including the SILC brochure, archived newsletter articles, and media release examples for use in your Centers
- ❖ And much, much more!
